

Principal's Update

23 April 2020

Dear all

I hope despite our changed lives due to the Corona virus, you have all managed to have some relaxing days. The weather has certainly been wonderful and spirit uplifting:)

You have probably heard that the government is providing two Pupil Free Days at the start of this term. This means that online learning won't commence until Wednesday 29 April.

At Mosman, we are grateful for that extra day so that we can plan for week 3 and beyond when all students will have the opportunity to attend at least one day per week with their teacher. As soon as we have decided what week 3 (Phase 1) will look like I will send an email to you outlining the plan.

Of course school is open for students as it was before the holidays. That is students who need to come to school due to family circumstances are very welcome and will have five periods of supervision where they can work on their online lessons.

They will also have morning tea and lunch. Just a reminder however that the school canteen will continue to be closed.

While students attending school in the first two weeks won't have their normal teacher, they will have access to all the school's technology.

A further reminder that if your child needs a laptop or a dongle please send me an email if you have not done so and we will negotiate with you a time for pick up.

Wellbeing continues to be a priority for us and if you are concerned about how your student is travelling please send me an email and I will have a member of the wellbeing team contact you.

Finally thank you to all our families for your incredible support of our school. I have passed on to the teachers and staff generally your positive emails and they feel valued :)

Best wishes

Susan

Susan Wyatt
Principal
Mosman High School
